

MINUTES
FAYSTON PLANNING COMMISSION
OCTOBER 19, 2015

Members Present: Polly McMurtry, Carol Chamberlin, Cole Lavoie (ex-officio); ZA: John Weir.

There was no quorum.

Members present reviewed and discussed Polly's revisions to her first draft of the facility siting standards. Town attorney Diane Sherman had suggested the first draft be revised. Members discussed designating certain scenic areas and roads from which any telecommunication towers or wind turbines could not be seen (rather than placed). Members agreed that they need to be more specific here. For instance, Bragg Hill is not the resource, the view from it *is*. Carol will do some work and provide suggestions to members to clarify and narrow the standards.

The meeting adjourned at 6:20 p.m.
